GROWTH FINANCE

Independent Growth Finance (IGF) is a private equity-backed, entrepreneurial, Independent asset based lender for UK SMEs with a turnover of £1m - £100m. As such, we truly understand the challenges all SMEs are facing right now.

The Government's guidance on restricted social movement, self-isolation for the infected, the elderly and those with an underlying medical condition, and a partial lockdown to restrict the spread of the virus, creates significant challenges for you, your clients and the wider UK economy.

As a responsible lender, we are here to listen and support UK SME's as we all try and navigate the next few months of this dreadful crisis.

We want to reassure you and your clients that we continue to write new business, and that there are viable and sustainable alternative funding options in the UK market.
